

LIDF Research Project - Including Men in Community Provision What Men Want

Guys,

I am currently carrying out research here in County Durham into Including Men in Community Provision. So far I have interviewed and discussed this issue with everyone except the potential learners themselves, you!

I would appreciate a few minutes of your time if you could list on this proformae what courses **you** would like under the different headings. List as many or as few as you wish and thank you for your help

Leisure/Hobby (e.g. Sport or Family Tree)	Family Learning (e.g. Healthy Eating)	Future Employment (e.g. plumbing)	Educational (e.g. IT or a language or English)

Thanks!
